

Finding LGBTI Inclusive Home Care Packages on the Service Finder

The MyAgedCare Service Finder has been updated so you can search for LGBTI inclusive Commonwealth funded Home Care Packages.

How to search

1. In the Home Care Packages section of the [Service Finder](#), enter the postcode of the desired location of your Commonwealth funded Home Care Package.

ACAT

A Home Care Package provides a co-ordinated package of services tailored to meet your specific care needs. You will need to **arrange an assessment by calling** 1800 200 422 to receive help at home through a Home Care Package.

Are you in a rural and remote community seeking home care services? The Multi-Purpose Service (MPS) Programme provides integrated health and aged care services in some small rural and remote communities. [Click here for MPS services in your area.](#)

The home care package finder will show whether the department is taking compliance action against a service provider for not meeting [the required standards](#). You can use the [Non-Compliance Finder](#) to find out which Home Care Package service providers have current or historical non-compliance.

There is a [video](#) to guide you through using the Home Care Package Service Finder.
