

# Star Ratings for aged care homes

Star Ratings help you compare the quality of aged care homes using the 'Find a provider' tool on the My Aged Care website.

## What are Star Ratings?

All aged care homes receive an Overall Star Rating and a rating against four sub-categories:

- **Residents' Experience** – a sample of 10 per cent of aged care residents are surveyed annually about their overall experience of their aged care home. Residents' Experience makes up 33 per cent of the Overall Star Rating.
- **Compliance** – based on regulatory decisions by the Aged Care Quality and Safety Commission including compliance with the Aged Care Quality Standards. Compliance makes up 30 per cent of the Overall Star Rating.
- **Staffing** – the average amount of care time residents receive, based on care delivered by registered nurses, enrolled nurses, personal care workers and assistants in nursing, compared with the minimum average care targets set by the Australian Government. Staffing makes up 22 per cent of the Overall Star Rating.
- **Quality Measures** – based on information about five crucial areas of care, including falls and major injury, unplanned weight loss, pressure injuries, medication management and the use of physical restraint. Quality Measures makes up 15 per cent of the Overall Star Rating.

## What do the stars mean?

Aged care homes receive Star Ratings between 1 and 5 stars.

- 1 star – 'significant improvement needed'
- 2 stars – 'improvement needed'
- 3 stars – an 'acceptable' quality of care
- 4 stars – a 'good' quality of care
- 5 stars – an 'excellent' quality of care.

## How often are Star Ratings updated?

Star Ratings are based on the most recent available data and are updated at various times:

- Residents' Experience Rating – updated annually
- Compliance Rating – updated daily
- Staffing Rating – updated quarterly
- Quality Measures Rating – updated quarterly.

The Overall Star Rating automatically recalculates when new data is available.
