

Four steps to access services

1 Apply for an assessment of your needs at myagedcare.gov.au/apply-online, by phoning 1800 200 422* or in person at a dedicated Services Australia service centre.

- You will be asked questions to help work out your care needs.
- You will need your Medicare card.
- If you're applying for someone else, they will need to give their consent.

2 Have an assessment

- My Aged Care may arrange for a trained assessor to conduct the assessment.
- With your consent they will assess your care needs and confirm your eligibility for services. They will then work with you to develop a support plan which addresses your needs, goals and preferences.
- Someone else can be with you during the assessment.

3 Find out about costs

- My Aged Care and service providers can give you information about how much you might have to pay. You may need to complete a financial assessment through Services Australia.

4 Find a provider

- The online Find a provider tool can help you find and compare aged care service providers in your area
myagedcare.gov.au/find-a-provider
- Your assessor and My Aged Care can also help you find a provider(s) in your local area that meets your needs.

- the service provider.

Are you eligible for services?

My Aged Care can help you understand:

- what services may be available
