## What happens at the assessment?

With your consent, a trained assessor will come to your home. They will assess your care needs and eligibility for services.

If you are eligible for subsidised aged care, the assessor will work with you to develop a support plan which addresses your care needs, goals and service preferences.

Someone else can be with you as your support person at this assessment visit. If you have a carer, you may wish to consider whether they attend the assessment with you as your support person. You can also ask the assessor about having an Auslan or in-language interpreter.

At your assessment, you should have:

- ID for you and anyone you want to be a representative and talk on your behalf: Medicare card and one other form of ID - such as DVA card, driver's licence, healthcare card, or passport.
- any information you already have about aged care services that you may want to discuss.
- information on any support you receive.

## What happens after the assessment?

After the assessment, you will find out if you are eligible for subsidised aged care services and which type.

Then you need to:

- **choose services:** the 'Find a provider' tool on the website at [myagedcare.gov.au/find-a-provider](http://myagedcare.gov.au/find-a-provider) can help you locate and compare services. Your assessor and My Aged Care can also help.
- **find out about costs:** the 'Fee estimator' tool on the website at [myagedcare.gov.au/how-much-will-i-pay](http://myagedcare.gov.au/how-much-will-i-pay) can give you information about costs. You may need a financial assessment.
