

The Rembrandt Difference

The Rembrandt difference comes directly from our Dutch roots and values which we simply describe as "Gezellig". It means warm and welcoming. It is where people are friendly and use straightforward language and old fashioned manners. Everyone is known by their name and almost family-like.

We are proudly a small, not for profit provider truly dedicated to the wellbeing of our residents and clients.

We offer high quality, down-to-earth Social, Home Care, Residential (Rembrandt Court) and Respite Services that have been enjoyed by people of all cultures, not just the Dutch, for over 25 years.

Thank you for the amazing care you provide my Oma particular during her last days. We all feel that Oma was not alone even if we weren't there.

RESIDENT'S GRANDDAUGHTER, AUGUST 2016

In typical Rembrandt style, the people featured in this brochure are real – real clients, residents and staff. We thank them for their participation.

Life at Rembrandt Court

Our Home

The moment you walk into Our home you will feel at home. Rembrandt Court is exactly that – a home! Not a hotel or lodge, our home has décor and furniture designed specifically to be reminiscent of what our resident's home would have looked like in the community.

Rembrandt Court is conveniently located (nestled away) off Morphett Road in Oaklands Park in Adelaide's inner southern suburbs.

Our home is proudly small – with only 84 permanent residents and 3 respite rooms, we take the time to treat each person like the individual they are – everyone is known by their name!

Our single, en-suited rooms are neutrally decorated with a distinctive warm homely feel with many having an attractive garden outlook to one of our many courtyards.

Our Care

Our highly skilled team of staff cater for our clients who come from more than 10 different cultures. Our nurturing qualities give you a sense of belonging as part of our family and the community.

Ageing affects people in different ways and we understand everyone's situation will be a little bit different. We'll get to know you and your family, listen to your experiences, and make sure you receive all the care and support you need.

Our facilities are purpose-built to provide the best possible setting to deliver a high level of specialised and professional multi-disciplinary care.
