

## **Alcohol Policy Statement**

Residents are, as far as possible, encouraged to continue their life habits whilst living at facility. Consumption of alcoholic beverages is permitted in consultation with your treating doctor. However, indulgence to the extent that the peace of other residents or the work of employees is disrupted, is not acceptable.

Your choice to keep alcohol for personal consumption will be respected. However, consideration will be given to your ability to manage its safe storage and each situation will be assessed individually.

Please discuss this with Diggers Care Staff or a representative at the facility.
