Welcome to

WORLD CLASS RESIDENTIAL CARE

Defining quality of life through everything we do

At *Regents Garden* our care begins by fostering dignity and respect. It results in residents that feel a joy of living. Residents that have dignity and feel proud of their living environment and residents that feel independent and comfortable in the fact that they are not a burden to the family. Knowing that our loved-ones live in a secured, supportive beautiful environment will also eliminate any worry and anxiety. The facility is designed to encourage family involvement, a place where family would feel comfortable to visit and where the residents have a sense of their own space and decision making ability.

While Regents Garden will continue to establish elegantly designed world-class facilities with highest attention to detail, it is our team of personal carers, nurses and support staff, which best represents Regents Garden's culture and values. Compassion, professionalism and quality are inherent in all that we do.

Regents Garden residents and their families have entrusted us with their care. It is our responsibility and pleasure to provide and enable our residents to lead happy fulfilled lives. At Regents Garden you can experience the very best life has to offer.

Regents Garden FOUR SEASONS BOORAGOON rates amongst the world's finest Residential Care facilities available today.

Resort style living with premium standard residences and facilities. The design incorporates five distinct neighbourhoods with internal tree-lined streetscapes, street lights and park benches. All individual private residences are spacious and of highest standard with lead-light panel, solid timber door and trimmings, marble and granite fittings, chandelier etc.

- Designed to accommodate 100 residents in high and low care, in mainly two types of residences: the Terrace Homes and the Suites, all private with own large en-suite. Some have interconnecting doors suitable for couples.
- 68 Terrace Homes, of which 36 are dedicated to Low Care, and 32 to High Care.
- 32 Suites, dedicated to High Care.
- Private Banquet Hall
- Conservatory with waterfalls, landscaped garden, boulevard and promenades
- Elegant Movie Theatre with sense-surround sound.
- Café
- Gymnasium, Day Spa and Wellness Centre.
