

Welcome to **Winston Hillside** Care Community

Discover why this could be your best move yet

At Winston Hillside Care Community we encourage our residents to live a life of meaning and purpose – that's why understanding the big and the little details about how you like to live each day is important to us – so that we can help you feel at home, have the right support and live your best life in our care.

Our beautifully designed, modern home offers luxurious spaces inside and out for residents and their visitors to enjoy. At the centre of our care is the very best in support for people who are living with dementia. We have a memory care neighbourhood and sensory garden for residents to safely enjoy with family and friends. Our home features an onsite wellness centre providing a team of physiotherapists, exercise physiologists and occupational therapists to help residents achieve improved mobility, independence or overall wellbeing, all in the comfort of home.

Ageing is living

Experience the Opal HealthCare difference at Winston Hillside

Daily life

Our Coffee Club regulars enjoy catch ups with their Meaningful Mates, a program where our team members foster personal friendships with our residents. We have an active social club who run movie nights, and others who enjoy working on art and craft projects. Many residents are keen gardeners who put their green thumbs to work in our elevated garden beds. And there are plenty of warm welcomes for visiting pets who bring comfort and companionship to residents.

It's an environment where you're free to enjoy your interests, independently or with others, continue to learn and try new things, and participate in our home life – so you can enjoy your day, your way.
