Transport as a separate service is charged at the "Transport" rates shown above. Rates apply to each leg of transport provided and include the vehicle and driver. The driver will be a Home Care Worker, additional fees for other worker classifications will be indicated prior to commencement of the service where requested. These rates are not to be added to other services such as Domestic Assistance which already include a travel component.

Minimum service charge - all services will be billed at a minimum of 30 minutes with exception of tele-health, medication prompts and care management provided by telephone or other electronic communication.

Assistive Technology & Home Modifications (AT-HM)

As quoted and agreed with you. Your Care Partner will work with you to identify your needs and then source assistive technology and/or home modifications of your choosing. We will confirm the cost of any AT-HM solutions with you, including wrap-around service charges, before services commence.

Footnote

(1) The minimum charge for Care Management is 1 hour for an in-home visit. The minimum charge for off-site Care Management is one-quarter of the hourly rate or 15 minutes.

(2) Specialised consumables including specialised nursing products that are specific to an individual participant, which are not routinely carried by care staff, are charged at GST exclusive cost.

(3) The prices listed in this schedule include the indicated travel time per on-site appointment. Included travel time is indicated by the Region Number in the schedule header e.g. "Region 20". Where additional travel time is required please refer to the applicable Region's price schedule.
