

## Crisden Care - Home Care Pricing Schedule

01 November 2025

Crisden Care offers transparent pricing to all of our Clients. This is to make the complex simple, ensuring you are always informed and clear about what your home care funding can achieve for you.

We champion true relationships, with qualified, trained and professional Care Team members and Nurses who are local to you. In every interaction, you can be assured Crisden Care is the right team to have by your side.

### **Care Management**

Care Management services includes coordinating care and services that will help you deliver on the goals you identified in your Care Plan. Your Care Partner will work with you to ensure your care plan and budget is suitable to meet your needs, reviewing this regularly. This includes referring to other external providers as necessary, and liaising with other health professionals as required to support you well. Care Management can be provided to you in a range of different ways including face-to-face or via phone or email.

### **Pooled Care Management**

From 01 November 2025, care management is capped at 10% of your funding. This is automatically deducted from your funding and held in Crisden Care's Care Management account with Services Australia. Pooled care management ensures those that need additional care management receive it.

### **Package Management**

From 01 November 2025, Package Management is no longer a feature of home care funding. Providers are required to build their administrations costs and other overheads into their hourly unit costs.
