

NEW CARE SERVICES LTD – Price Schedule

(Effective 1.11.2025)

Clients who have an existing Home Care Package and were assessed before the 12.09.2024
 Your package is what the department has called a Grandfathered Home Care Package Client. This means that if you are a full pensioner, you will not pay for any services. If you are currently paying an income tested fee your contribution will not exceed your current contribution regardless of how many services, you receive. If you were assessed after the above date, you may be assessed to co-contribute to some services. More information about co-contribution payments towards services can be found on the My Aged Care Website.

As part of the changes the Department has determined that Care Management fees are set at 10% of the Package allocation. This Care Management Fee will cover activities of your case manager and involve regular and ongoing communication with you, your family and your support people.
