## Home Care Common Pricing Schedule

As of  
November 1  
2025

The rates in this Pricing Schedule are charged to the client's budget. The budget is made up of the Australian Government subsidy and client contribution (if applicable).

Murray Mallee Aged Care Group Inc. is committed to providing a quality service which meets the needs of all our clients.

We may adjust our Care Management charge, service charges or other fees in line with the conditions set out in every client's Service Agreement.

If you have any questions, please contact us at [reception@murraymallee.org.au](mailto:reception@murraymallee.org.au) or call (08) 8532 2255.

Our Pricing Schedule shows the hourly service rates. To see how our half-hour and quarter-hour service rates compare, please refer to the Appendix starting from page 13.

## Client Contributions

The Support at Home program requires all in-home aged care providers to charge an out-of-pocket contribution to clients.

Throughout this Pricing Schedule, you will see the three service categories - Clinical Supports, Independence and Everyday Living - along with their unique contribution amount. The contribution rate is also determined by your pensioner status.

Your contribution rate is means tested by Services Australia along side Support at Home services and you may be required to pay additional fees.

However, please note that if you were assessed for home care on or before 12 September 2024, then you are considered a Grandfathered Client. This means you will not pay for more contributions than you did under the Home Care Package program.

This means if a Grandfathered Client paid no client contributions previously, they still do not pay client contributions regardless of the service category under Support at Home.

# Clinical Supports
