Residential services

Doutta Galla is committed to fostering an environment where everyone feels welcome, respected and valued. We offer aged care services and accommodation to older people from all communities including First Nations, CALD and LGBTQI+ in Melbourne's western metropolitan region and in the Shepparton region.

Our Homes are independently reviewed and consistently reach the highest level of accreditation. Skilled and experienced staff offer outstanding service and support with:

- 24/7 registered nursing on-site
- Palliative Care
- Dementia and behaviour management support
- Continence management
- Wound care management
- Social and recreational programs
- Nutritious, home-style meals cooked on site
- Higher Everyday Living fee - opportunity to purchase additional services

Respite and Permanent Care services

We offer both short-term respite stays and 24-hour permanent care. Respite care can be ideal to support individuals when carers need a break or especially beneficial for recovery after an illness or operation, giving people the extra care they need during that time.

Transitioning into permanent care or moving into a home for 24-hour care also provides a seamless option for those who need ongoing support.

Retirement living

Doutta Galla offers modern, fully maintained, two-bedroom retirement living apartment and units at Queens Park, Moonee Ponds and Harmony Village, Shepparton.

Situated close to community activities, and shopping precincts, with support close at hand being co-located with our aged care residences.

In-Home care

Doutta Galla West's In-Home Care service offers personalised support for independent living in Melbourne's West. Services range from basic to high-level personal care, cleaning, gardening, nursing and allied health services tailored to individual needs.

Our team ensures accessible, high-quality care, funded by Commonwealth Home Support Programme (CHSP) and Home Care Packages (HCP).
