

## Home Care Package

# Price guide

At **Pary Care**, we give you the freedom to choose services that best support your **independence, safety, and comfort** while staying in your own home. With us, you remain in control—selecting the home care services that suit your lifestyle and personal needs.

### Funding Options

Your care services may **be partly or fully subsidised by the Australian Government** through a **Home Care Package (HCP)**, which can be applied for via the **My Aged Care** website. As an **approved HCP provider**, Pary Care will guide you through the entire process to make things easier.

### After Receiving a Home Care Package

Once your Home Care Package is allocated, we'll connect you with a **dedicated Care Partner** who will help you organise and manage the services you select.

### Managing and Delivering Your Care

You'll be supported by a local care team consisting of coordinators, schedulers, and support workers. Your Care Partner will assist in setting up your services, including your **care plan, roster, and budget**. If your needs change, we'll work alongside you to update and adjust your plan accordingly.

### Support for Complex Needs

If you require more intensive clinical assistance, including allied health services, we recommend our **Extra Care program**. This ensures you receive the right level of ongoing support to remain safe and comfortable at home.

### Always Here for You

We want you to feel confident that you're receiving the services you truly need. You can contact your **Pary Care Support Team** at any time to make adjustments to your services.
