

Support at Home Price List

The price for a Support at Home service is the entire cost of delivering services to you. This will be the total amount charged to your budget. If you previously received services under the HCP Program, the price may look different to what you have been paying, as you were charged separately for a service (e.g. cleaning) and for package management (e.g. the cost of training staff and administering payments etc). Under Support at Home, the price for each service will include those costs and that is the total price you will pay. Prices may also change if the cost of delivering services to you has changed (e.g. due to a wage increase for workers).

| Service | Unit | Weekday |
|------------------------|--------------|---------|
| Care Management | | |
| Care Management | Per Activity | \$150 |

As your Approved Provider, we must provide you with at least one care management activity per month. These services include coordination of your services, resolving problems, and reviewing services.

On a monthly basis, a 10% care management budget will be deducted from your budget for this purpose.

| Clinical Supports – Nursing | | |
|------------------------------------|------|-------|
| Registered Nurse | Hour | \$198 |

For pricing for services outside of the hours listed, please contact your local Pearl Home Care team. Registered Nurses provide a wide range of holistic care services in the community.

Everyday consumables are included in this price. Specialised nursing products will attract a cost per item. This will be discussed with you.
