THE PINNACLE OF RESIDENTIAL
AGED CARE WHERE AGEING IS LIVING

At Ivanhoe Grand Care Community, we understand that ageing means something different to everyone. We're here to provide the love, care and comfort that our residents and families need through all the stages of ageing.

Located in the heart of Ivanhoe, our Care Community redefines residential aged care in Melbourne's northeastern suburbs.

Ivanhoe Grand offers a luxuriously designed residence, created to enhance the living experience of older people, with the peace of mind that professional and compassionate support is on hand whenever it's needed.

From our building design to our clinical systems and expertise, our hospitality services and our focus on meaningful engagement for residents, we're here to support you to live with purpose and belonging each day. Our team of skilled and experienced aged care professionals undertake ongoing training and development, so they can deliver the high level of care and services that you expect.

Our building centres around a three-storey glass atrium which streams sunlight and creates a serene environment. We offer accommodation in four thoughtfully designed wings, each with dedicated dining and lounge areas that foster a warm, intimate atmosphere. And our Club Lounge is a social hub where residents come together, with Happy Hour a particularly popular tradition.

Each bedroom at Ivanhoe Grand Care Community is private with an ensuite, many with views over leafy Ivanhoe or to the city. For those who prefer more space, our apartment suites include a bedroom, lounge room and kitchenette which enables more independence. Residents are welcome to host guests in our private dining room, which is available for family meals and special occasions. And our hair and beauty salon is a place to enjoy a little pampering so you can look and feel your best.

Our carefully considered and modern Care Community offers all the comforts of home in an elegant environment, with personalised care designed around your needs and preferences.
