Pricing for Common Services Included Support at Home Service List

Endeavour In Home Care can source a variety of goods and services through your Support at Home Funding. Prices for third-party services will be reasonable and agreed upon individually.

The above schedule outlines the prices for common services available through your Support at Home Funding. Costs will be reduced from your overall quarterly budget.

Services listed have variable hourly rates to provide flexibility in sourcing. All services delivered as part of your Care Plan are GST-free. Some items purchased may attract GST, this will be reflected in your monthly Consumer Statement.

Cancellations – Please provide 2 business days, notice prior to service delivery. Otherwise, full charges will apply.

Care Management

Care Management is essential for coordinating the services that help you achieve the goals in your Care Plan. All Support at Home participants require some level of care management. Our Care Management team is dedicated to tailoring your support to reflect your values and maximizing your budget for services rather than administrative costs.

Care Management – Included activities

- *Care Planning*
- *Identifying participant needs, goals, preferences and existing supports*
- *Reviewing the participant's support plan and assisting the participant to understand their approved services*
- *Developing and reviewing care plans and quarterly budgets*
- *Establishing and reviewing service agreements*
- *Conducting risk assessments in relation to the participant and their home*
- *Supporting the participant to complete and review advance care planning documents, if appropriate or required*

Service planning and management

- *Communication with aged care workers (involved in the delivery of services) regarding the participant's needs and wellbeing*
- *Incorporating cultural protocols including engaging with culturally specific organisations*
- *Communication with the participant, their carers and supporters*
- *Managing the quarterly budget to ensure no overspends*
- *Ordering client consumables*
- *Facilitating transitions in and out of different care settings and ensuring continuity of care*

Monitoring, review and evaluation

- *Engaging in ongoing care discussions and/or case conferencing with relevant health professionals, where required*
- *Regular review of the participant's care notes*
- *Monitoring and responding to changing needs*
- *Identification of risks to the participant's health, safety and wellbeing and ongoing management of those risks*
- *Evaluating the participant's goals, service quality and outcomes*

Care Management – Excluded Activities

- *Administration and other costs*
- *Scheduling*
- *Rostering staff*
- *Submitting claims*
- *Staff travel*
- *Staff training and education*
- *Program governance and compliance activities*
- *Record keeping*
- *Human resources activities*

Call us today on [1300 820 610](tel:1300820610) to discuss your in-home care options.
