The final stage of Rubicon Grove's new development was completed in 2019, specially created to build strong links between our residents and the local Port Sorell township.

OneCare's bright, comfortable, and contemporary rooms cater for a variety of needs. Everyone has access to a range of health and wellbeing services, private and public spaces, an array of amenities and social events specially designed to keep residents engaged and active.

Rubicon Grove has many facilities onsite for convenience, including:

- Rubi Café
- Hairdresser/beauty therapist

Respite Care

OneCare offers respite care across all our homes on a scheduled or immediate-need basis.

As a carer, there may be times when you need a little help and support of your own. Respite care allows loved ones to receive high quality care in a supported environment, giving carers some time to refresh.

Short stays are a great solution for individuals needing support after hospital care or to introduce longer term care to a loved one who may be needing additional assistance as they age.

Each and every one of our OneCare staff work to the highest ethical standards in providing exceptional, client-focused services for our residents.
