

Harmony Village

Whatever your background, you'll feel right at home at Dousta Galla Harmony Village

Our residents come from all walks of life, with a variety of interests. We have been part of the Shepparton community since 1997, fostering local connections to create a strong sense of belonging for both residents and staff in our aged care residence.

Doutta Galla Harmony Village aged care has 79 spacious rooms with private ensuite bathrooms. The residence is nestled within landscaped gardens of the wider retirement village and handy to social and shopping activities.

We can't wait to welcome you.

Our Home

Doutta Galla Harmony Village is a welcoming aged care residence in Shepparton for people who want flexibility in aged care options.

Since 1997, our Harmony Village Home has been delivering exceptional residential aged care and underwent refurbishment in 2004. Nestled in a serene environment, it is conveniently situated near the town centre.

Residents are treated to fresh, daily meals prepared by our in-house chef, with customised options available to cater to their individual dietary and medical needs.

With a registered nurse available 24/7, we ensure that residents receive the medical attention they require at any time.

Our residents gain from specialised nursing and allied health services, which greatly improve their overall physical and mental well-being. This includes support for wound care management, behaviour management and mental health wellbeing.

They also maintain strong ties with the Shepparton community, allowing them to engage in their regular habits and hobbies.

The Harmony Village lifestyle program provides a variety of daily activities, cultural and religious celebrations, outings, and entertainment options. Additionally, it features gardening, pet therapy, and intergenerational programs, catering to diverse preferences.

Our rooms

Harmony Village is home for 85 residents with 79 spacious rooms (6 shared) and all with a private ensuite. Residents share light, bright social areas, dining rooms and courtyard gardens for social activities and gatherings.
