Managed Fee Schedule – Effective 1 July 2025

## Adjustment to Hourly Rates

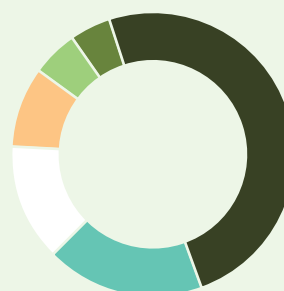

The Australian Government has confirmed a delay to implementation of the New Aged Care Act until 1st November 2025. Originally set to commence on 1 July 2025, the delay also affects the transition to the Support at Home program. This delay allows providers like us to spend more time with you in explaining the upcoming changes and making sure all the supporting systems are ready to go.

With Inflationary changes, including the Consumer Price Index (CPI) and the final wage increase for direct care staff taking effect on 1st October 2025, service costs will be impacted. As a result, Anglicare has reviewed and adjusted hourly rates accordingly.

For more information, please contact our team at: **1300 111 278**.

## How we distribute the Care Worker hourly fee

- 44%** Care worker base rate (7-17% above award based on the level)
- 20%** Travel time and mileage
- 15%** Superannuation, leave†, and allowances
- 10%** Meeting time, training & development and breaks
- 6%** Insurance, consumables, PPE and phones
- 5%** Reinvestment and product development

† Leave includes: annual, sick, long service and maternity leave.

## Self Managed Fee Schedule – Effective 1 July 2025

Anglicare At Home offers clients the option to self-manage your home care package. This allows you to select your own care workers, determine the times and days of your service, and source suitable products and equipment to help you maintain your independence at home.

As your provider, Anglicare remains legally responsible for ensuring your care workers are qualified, so you will need to find staff that meet our requirements.

There are benefits to self-managing, but it also places more responsibility on you to coordinate and source services. It's important to carefully consider whether this option is right for you. When self-managing, you will typically use a platform-based service (e.g. Mable). These platforms enable you to agree on a price on a service-by-service basis. Services need to be approved by your Care Advisor to ensure they fit within your Home Care Package budget.

The prices below reflect the rate for care coordinated by our team whether the care is provided by third-party staff or Anglicare care staff. Please speak with Anglicare for more information about self-management.
