Additional Information

Care management is a mandatory service for all clients. It ensures you get the right level of support in a way that meets your current and future care needs. Care management may include: ensuring you get safe and effective personal care and/or clinical care; reviewing your Home Care Agreement and care plan; organising the delivery of your services; ensuring your care is aligned with other supports; providing a point-of-contact for you, your carer or your family; ensuring the care you get is respectful of your culture and identity; and ensuring the supports you get keep you safe. Under the Support at Home program Services Australia sets aside 10% of your allocated subsidy to cover this.

Co-contributions

The government has set a lifetime cap on co-contributions of \$130,000.

Associate Providers

Where a client chooses to access a service from an associate provider that is not registered with RangeCare, an additional 10% of the associate provider's fee will be charged to the package.

After hour calls

Calls outside of office hours to the on-call number may incur a charge at the relevant service rate.

Cancellation Fees

Cancellation fees apply for short notice cancellation of services or when no one is home for a scheduled service. The full-service fee will be charged if you provide less than 24 hours' notice or no one is home for a scheduled service. No cancellation fee will incur if you provide greater than 24 hours' notice prior to the commencement of the service. Sometimes unavoidable emergencies happen at the last minute and services need to be cancelled. If it can be shown that the cancellation or reason for not being home to receive your service is due to an unavoidable emergency, the service will not be charged.
