## Multicultural Services Centre of WA (MSCWA) Support at Home Program Fee Schedule

Our Aged Care team works alongside you to provide personalised, culturally appropriate care that supports your independence, wellbeing, and comfort at home — helping you live life your way.

### Participants Contributions

The rate will be based on the type of service received. Participants will make:

- no contribution for clinical support services (such as nursing and physiotherapy), which will be fully funded by the Government.
- moderate contributions for independence and everyday living services (such as personal care and products and equipment under the AT-HM scheme) that help keep participants out of hospital and residential aged care

Older people who were accessing or were approved for a Home Care Package on or before 12 September 2024 will be no worse off under Support at Home. This means:

- If you were assessed as having to pay Home Care Package fees before 12 September 2024, you will pay the same or less under Support at Home.
- If you were assessed as not having to pay fees before 12 September 2024, then you will not be asked to pay fees under Support at Home.
