Our history

The original cottage on the plot was established 23/08/1962. 1st January 1969, the St Vincent De Paul Society took over the former Ulverstone Convalescent and Nursing Home and renamed it Mt St Vincent Nursing Home. The home was officially opened and blessed 12th October 1969. They developed the home with an extension opened in 1994.

In 2019, Respect Aged Care took over Mt St Vincent to continue to provide the best possible residential aged care on the North West coast of Tasmania.

Steps on the path to aged care living

Before becoming a resident at Mt St Vincent, it's important for you and your loved ones to have an open, honest discussion about your needs and budget. For many, moving to residential aged care can be a significant lifestyle change that comes with many questions. Before you begin your journey, there are a couple of steps you can take to assess if this is the right move for you.

1. Determine your eligibility

To determine if you're eligible for aged care, you will need to be assessed by the Aged Care Assessment Service (ACAS) through My Aged Care, the Australian Government body responsible for aged care services. This can be organised through a doctor, social worker, or health professional. For more information on Aged Care Assessments, you can speak with your doctor or a member of our helpful Customer Service team on 1300 144 144.

2. Find the right home

Everyone is different and that's why an aged care home that's a perfect fit for one person isn't necessarily the perfect fit for another. Finding the right aged care home is all about personal preferences, specific requirements, and aesthetic taste. That's why at Respect, we create our homes to offer something for everyone and to be as accommodating as possible.

You can book a tour of any of our Respect aged care homes to allow you to speak with residents and members of staff to provide a well-rounded view of what we offer. To book a tour of our homes you can contact a member of our helpful Customer Service team on 1300 144 144.

3. Understand costs

Your own personal circumstances and financial situation will influence the amount you pay for an aged care facility. The Government determines how much you pay or may be required to contribute. To better understand the costs associated with residential aged care, we recommend seeking financial advice before applying. The cost of residential aged care consists of care fees and accommodation fees, which we cover below:

- Basic daily fee: Covers living costs, such as meals, electricity, and laundry.
- Means based fee: This fee is calculated by the Department of Human Services based on your income and assets and is a contribution to the cost of your personal and clinical care.
- Accommodation payment: Paid through an upfront amount, daily payment or a combination of both, this cost includes the room that you will occupy.
- Extra services fee: There may be fees associated with any additionally elected optional services.

4. Apply to live at Mt St Vincent

After determining your eligibility and understanding fees, all prospective residents need to complete and submit an application. You may fill out an application in person at any of our homes. We recommend that you fill out an application with the assistance of your doctor and/or loved ones. Applicants may apply to multiple locations at the same time and are free to decline any offer.

5. Move in

As soon as we've determined that we can meet your needs and have a suitable vacancy, you will be notified with an offer of residence, along with a move-in date. If there are no available vacancies, we'll let you know when a space becomes available. You will be provided with a Resident Agreement, which outlines the services, fees, rights, and responsibilities. This legal document will need to be signed and returned before moving in.

We're here, every step of the way

At Respect, we know that choosing the right aged care home can be a daunting task. That's why our qualified and professional staff are experts in aged care and here to help guide and support you through the process.
