

Support at Home Package (SaH) Price Guide

JewishCare Aged Home Care offers a broad range of services to best support your independence, safety, and comfort in your own home through your Support at Home package.

What funding options are available?

Your JewishCare home care services can be partly or fully funded by the government, through a Support at Home Package (SaH), which you can apply for on the My Aged Care website. We're an approved SaH provider, so we're here for you, every step of the way.

What happens after I've been given a Support at Home Package?

Once your SaH has been allocated, we'll connect you with a JewishCare Care Partner to help you manage the services you choose.

How are JewishCare Support at Home services managed and delivered?

You'll have a Care Partner, rostering and support workers. Your Care Partner will assist with the management and set-up of your services, including your roster, budget and initial care plan. If your needs or priorities change, we'll work with you to make appropriate changes to your care plan.
