

Support at Home Pricing

Effective 1 July 2026

These services are available through Grampians Health Support at Home program to help support you to remain at home. These prices are effective as of 1 July 2026.

Grampians Health has contracts with associated providers to provide all services except for limited Allied Health services. Any changes to these rates will be discussed with you and your supporter where applicable.

All prices are noted as per hour unless otherwise stated.

Clinical Supports

These are services where we offer to help support your health needs, such as wound care, diabetes management, medication management, and allied health, helping to keep you independent and supporting your health goals at home.

Care Management

At Grampian Health, our team of Care Partners will work with you to identify your needs and goals and develop your personal care plan and budget based on your classification and funding.

By keeping in regular contact with you, they can ensure that your personal care plan continues to meet your wellness goals.

The Australian government sets aside 10% of your funding to cover your care management activities.
